PCCA Formula # 9184

Adenosine 0.3%/Acetyl Hexapeptide 5% Topical Lotion

PCCA Formula # 8741

Acetyl Dipeptide Facial Cream

Traveling with liquid medications often can be messy! For the safe and clean transport of liquid medicines for pediatric, elderly and gastric bypass patients, use a **Stay-Safe™ Closure (PCCA #35-4262)** on your dispensing bottle. These closures ensure an accurate dose and help prevent spills, evaporation and contamination. Child-resistant caps fit over these closures.
