

Winter Season Compounding Ideas

– FOR PCCA MEMBER USE ONLY –

Please Contact PCCA's Pharmacy Consulting Department With Questions Regarding The Formulations

Hydrocodone liquid cough/cold formulations have been removed from the market due to being unapproved for cough. Some examples of liquid formulations containing hydrocodone are listed below.

PCCA Formula # 0061	Hydrocodone Bitartrate 1 mg/mL/ Homatropine Methylbromide 0.3 mg/mL Oral Syrup
PCCA Formula # 9240	Hydrocodone Bitartrate 2.5 mg/5 mL/Phenylephrine HCl 5 mg/5 mL/ Chlorpheniramine Maleate 2 mg/5 mL Oral Solution (SF)
PCCA Formula # 1188	Hydrocodone Bitartrate 0.5 mg/mL/Phenylephrine HCl 1 mg/mL/Chlorpheniramine Maleate 0.4 mg/mL Oral Syrup
PCCA Formula # 2433	Hydrocodone Compound Liquid

This "fly-safe" formula was presented at a PCCA International Seminar and is often requested in the winter before flying. A small amount is placed in the nostrils before the flight.

PCCA Formula # 5013	Tranilast 1%/Deoxy-D-Glucose (2) 0.19% in Shea Butter
PCCA Formula # 9355	Tranilast 1%/Deoxy-D-Glucose (2) 0.19%/EGCg 1%/Shea Butter Fly safe enhanced with EGCg, which has antiviral properties.

Anesthetic lollipop preparations may be beneficial to patients who have mono, strep throat or tonsillectomies.

PCCA Formula # 5380	Tetracaine HCl 0.5% Sorbitol Lollipop™ Base
---------------------	---

Lollipops for cough/cold.

PCCA Formula # 5399	Dextromethorphan Hydrobromide 20 mg/Menthol 15 mg/Ascorbic Acid 500 mg Sorbitol Lollipop™ Base
PCCA Formula # 5378	Menthol 0.1%/Eucalyptus 0.275% Sorbitol Lollipop™ Base

Ibuprofen suppositories are often requested when a patient is unable to take ibuprofen orally. There is not a commercially available ibuprofen suppository although acetaminophen suppositories are available.

PCCA Formula # 2491	Ibuprofen Suppository
---------------------	-----------------------

Dry lip formulations are often requested during the winter, especially by patients who reside in drier parts of the country.

PCCA Formula # 0948	Lip Balm/Aladerm™	PCCA Formula # 1307	Vitamin E Lip Balm
PCCA Formula # 2445	Hydrocortisone 1% Lip Balm		

Dry skin formulations are often requested during the winter by patients who reside in drier parts of the country.

PCCA Formula # 4398	Moisturizing Cream #3	PCCA Formula # 4477	Moisturizing Cream #3, Alternate
PCCA Formula # 8273	Urea 10%/Chamomile 5%/Oxybenzone 4%/Octyl Methoxycinnamate 7% Topical Cream		
PCCA Formula # 6979	Sodium Hyaluronate 0.02%/Urea 10%/Sunscreen Topical Cream		

Xylitol nasal spray can be used by patients who have congestion, asthma or allergies.

PCCA Formula # 5595	Xylitol 7.5%/Glycerin 2% Saline Nasal Spray
---------------------	---

Oral xylitol is often requested for patients with chronic ear infections.

PCCA Formula # 5417	Xylitol 2 Gm Sorbitol Lollipop™ Base
PCCA Formula # 4516	Xylitol 40%, 60% & 66.7% Oral Syrup

Stomach bugs often go around when people are cooped up indoors in the winter. Some formulations that are requested to help with nausea are listed below.

Ondansetron	
PCCA Formula # 8986	Ondansetron 4 mg/0.1 mL Topical Lipoderm®
PCCA Formula # 6769	Ondansetron 8 mg Oral Effervescent
PCCA Formula # 8987	Ondansetron 4 mg Sorbitol Lollipop™ Base

Promethazine – Reminder of Black Box Warning for children.

PCCA Formula # 5433	Promethazine HCl 50 mg/mL Topical Lipoderm® (Stabilized)
PCCA Formula # 7042	Promethazine HCl 25 mg/mL Topical Lipoderm®

Older patients often complain about joint pain in the winter. Oral pain medications sometimes cause stomach ailments. Some of PCCA's most popular topical formulas containing NSAIDs are listed below.

PCCA Formula # 9199	Ketoprofen 10% Topical Lipoderm® (Pentylene Glycol) *This is the formula used in PCCA's Lipoderm® study.
PCCA Formula # 6558	Ketoprofen 10% Topical Lipoderm®
PCCA Formula # 6555	Ibuprofen 20% in Lipoderm® Transdermal Gel
PCCA Formula # 6560	Piroxicam 5% in Lipoderm® Transdermal Gel
